

Are You Ready to Start The Movement?

◆ WHAT IS TEACH FOR PAKISTAN :

Teach For Pakistan is a nationwide movement of graduates and young professionals who will commit two years to teach in under-resourced schools and go on to become life-long leaders working from all fields to expand educational opportunity.

Teach For Pakistan is part of Teach For All, an international network of independent social enterprises that are working to expand educational opportunity in their nations by enlisting their most promising future leaders in the effort.

◆ THE TEACH FOR PAKISTAN FELLOWSHIP :

The Teach For Pakistan Fellowship is a two-year paid position during which Fellows are placed as full-time teachers in low income public and private schools in Karachi. During the second year of the Fellowship, Fellows will be responsible for developing and implementing a business plan for a small school or community development project.

◆ TEACHING AS LEADERSHIP :

We believe that exceptional teachers employ the same skills as exceptional leaders in any field. Teach For Pakistan will select Fellows with demonstrated leadership abilities. Through our extensive pre-service and in-service training, we will enable Fellows to become outstanding leaders from both within and beyond the classroom. The Fellowship will also provide the opportunity to develop leadership, communication and professional skills that are highly transferable from teaching to other fields such as policy, business, management and journalism. Throughout the two years, Fellows will be provided with various networking, training and mentoring opportunities for career development. The Fellowship is compatible with the pursuit of a very broad range of personal and professional goals.

◆ WHY APPLY?

Through this program, you have the potential to improve student achievement rates, transform the lives of entire families, contribute to nation building and become an integral part of a dynamic movement changing the educational landscape of Pakistan. Join the Teach For Pakistan Fellowship to start the movement to end educational inequity.

◆ BENEFITS :

- Competitive Salary benchmarked against entry level positions in the corporate sector
- Transportation to/from schools
- On-going training and professional development throughout two years
- Fellows join a global network of Teach For All program participants with access to international learning opportunities
- Work experience recognition by internationally renowned graduate schools including Harvard Business School, Columbia University Law Schools, Princeton University- Woodrow Wilson School of Public Affairs among others
