

HEC PERN2 TRAINING IN CHINA (Shenzhen City)

Higher Education Commission IT Division organized a Fourteen Days “Huawei NE Series High End Router Training” at China “Shenzhen city” (located on the border with the Hong Kong across the Sham Chun River and Sha Tau Kok River, about 100 km southeast of the provincial capital of Guangzhou) for a group of staff of HEC PERN2/ Universities network operations and maintenance as well as from network planning and management. The training from 1st August 2010 to 14th August 2010 was entirely focused on to provide a comprehensive and efficient training to develop professional skills and to handle high end Huawei Routers. Training method over there was very flexible and advanced. Huawei training university environment supports all types of training methods including classroom lecture, multimedia training, computer-based training, hands-on exercises with equipment and on-site training etc under a supervision of specialized and experience Instructors. Most of the time was spent in class room and highly equipped labs. As estimated, the hand on practice was most beneficial part of this technical training.

Mr. Khalid Khoso led the nominated team on behalf of HEC at China. Nominated team members are from HEC PERN and different Universities of Pakistan as well i.e. Mr. Khalid Khoso (Reginal Manager South), Mr. Rehan Sarwar Lodhi (Network Engineer Pern2 Quetta), Mr. Waqas Ahmed Khan (Network Engineer PERN2 Karachi), Dr. Khalil Khoubati (Sindh University), Mr. Ahsen (University of Agriculture Faisalabad), Mr. Shahzad Abid (College of Physicians & Surg. Pak Karachi), Mr. Sarfaraz Ahmed (Balochistan University of Information Technology & Management Sciences, Quetta), Mr. Nadeem Ahmed (Karachi University) and Mr. Mohammad Rashid (Bahuddin Zakariya University Multan).

All participants appreciated the Resource Department as well as the management committee for organizing a successful training. They also emphasized that such type of interrelated training must be continuous in order to polish the professional skills and knowledge. Certificates were distributed among all candidates by Miss Wang to conclude China Training.
