

HIGHER EDUCATION COMMISSION

Pak-France Peridot Research Program

END OF PROJECT REPORT

1 – INITIAL DETAILS:

Title of the Project:	
Details of Principal Investigator (Pak):	
Details of Principal Investigator (French):	
Details of Partners / Team Members (Pak): (attach annexure for details)	
Details of Partners / Team Members (French): (attach annexure for details)	
Project Duration:	
Start / End Date:	

2 – SCIENTIFIC RESULTS:

(a) Describe in 150-200 words, the main outcomes achieved in the framework of the project.

--

(b) Have these results been published in journals / conferences? If yes, state the titles and references. (attach annexure for details)

(c) Have these results led to social and economic outcomes (patents, partnership with local communities, etc.)? If yes, state the references and details. (attach annexure for details)

3 – Training by Research: Briefly write about the thesis / dissertation started or achieved in the framework of the project with the names of the PhD candidates and the thesis subject. (attach annexure for details)

4 – International Involvement: Has the project led to the involvement of other than agreed French and Pakistani partners or national/ international institutions? Is the participation to an international research programme being considered? (attach annexure for details)

5 – Use of Funds: (How funds were managed, why travels could not be arranged, etc.) (attach annexure for details)

Travels	To France	To Pakistan
<p>Details of Researcher:</p> <p>Dates of Visit as per timelines:</p> <p>Dates of visit as per actual;</p> <p>Details of visit or justification if visit not conducted :</p>
