PREFACE

The curriculum of subject is described as a throbbing pulse of a nation. By viewing curriculum one can judge the stage of development and its pace of socio-economic development of a nation. With the advent of new technology, the world has turned into a global village. In view of tremendous research taking place world over new ideas and information pours in like of a stream of fresh water, making it imperative to update the curricula after regular intervals, for introducing latest development and innovation in the relevant field of knowledge.

In exercise of the powers conferred under Section 3 Sub-Section 2 (ii) of Act of Parliament No. X of 1976 titled “**Supervision of Curricula and Textbooks and Maintenance of Standard of Education**” the erstwhile University Grants Commission was designated as competent authority to develop review and revise curricula beyond Class-XII. With the repeal of UGC Act, the same function was assigned to the Higher Education Commission under its Ordinance of 2002 Section 10 Sub-Section 1 (v).

In compliance with the above provisions, the HEC undertakes revamping and refurbishing of curricula after regular intervals in a democratic manner involving universities/DAIs, research and development institutions and local Chamber of Commerce and Industry. The intellectual inputs by expatriate Pakistanis working in universities and R&D institutions of technically advanced countries are also invited to contribute and their views are incorporated where considered appropriate by the National Curriculum Revision Committee (NCRC).

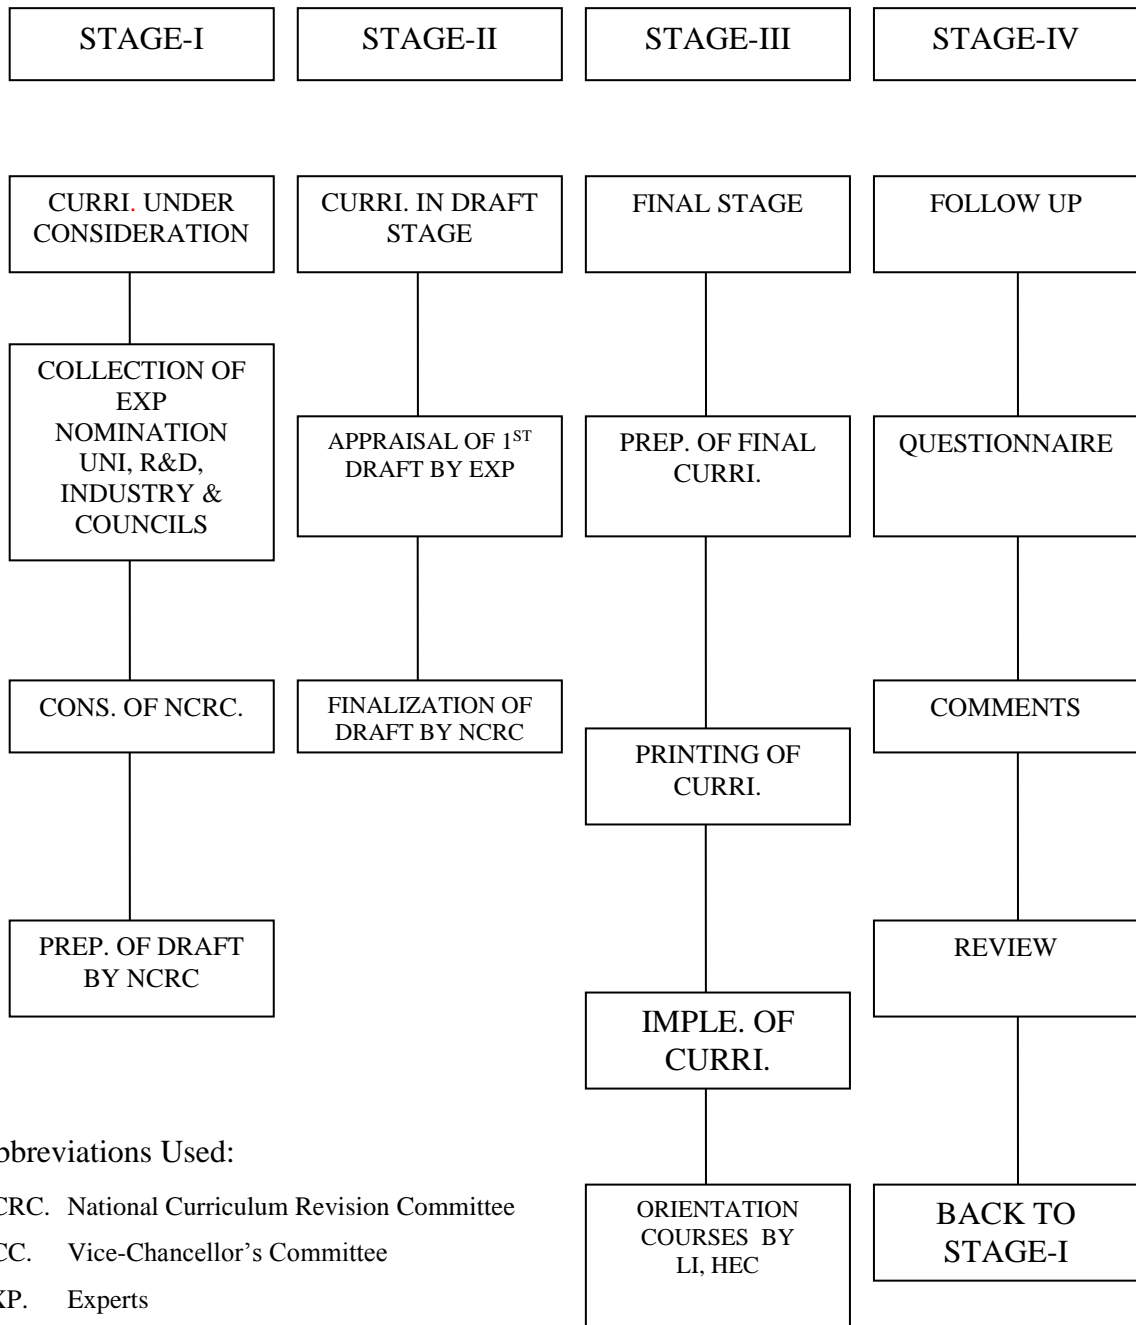

To bring international compatibility to qualifications held from Pakistani universities/DAIs for promotion of students mobility and job seekers around the globe, a Committee comprising of Conveners of the National Curriculum Revision Committee of HEC met in 2009 and developed a unified template for standardized 4-years/8-semesters BS degree programmes. This unified template was aimed to inculcate broader base of knowledge in the subjects like English, Sociology, Philosophy, Economics etc. in addition to major discipline of study. The Bachelor (BS) degree course requires to be completed in 4-years/8-semesters, and shall require qualifying of 130-140 credit hours of which 77% of the curriculum will constitute discipline specific and remaining 23% will comprise compulsory and general courses.

In line with above, NCRC comprising senior university faculty and experts from various stakeholders and the respective accreditation councils has finalized the curriculum for 5-year LLB Degree. The same is being recommended for adoption by the universities/DAIs channelizing through relevant statutory bodies of the universities.

The preliminary meeting of the National Curriculum Review Committee of the Higher Education Commission was held in the HEC Regional Centre Lahore from February 24-26, 2011 to review the existing LLB curriculum. Prof. Ahmad Ali Khan, Head, Department of Law, Bahria University was unanimously elected as the Convener of the NCRC in Law while Mr. Salim Sheikh, Principal, Gillani Law College, BZU was elected as Secretary.

Prof. Ahmad Ali thanked all members of the Committee for reposing their confidence in him as Convener. He welcomed new members on the Committee and hoped that their inclusion in the NCRC will be extremely helpful in finalizing the recommendations of the Committee.

The Convener informed that the NCRC in 2004 committed to start off an integrated LLB degree programme spreading over 5 years by 2008. The HEC in 2006 with the intent to improve the standards and quality of legal education in Pakistan launched a project to establish a federal National Law University and efforts were made for the improvement of the legal education. He said that 90% of the objectives of the project have been completed and though the project is on hold due to financial constraints and procedures, the experiences gained and lessons learnt are of great implications for the improvement of legal education.

The Convener also referred to the landmark judgment of the Supreme Court of Pakistan in **Pakistan Bar Council v. Federal Government and**

others (PLD 2007 SC 394) wherein the Supreme Court desired to take steps to introduce a 5-year integrated law degree programme and to bring the curriculum of law-degree at par with international standards.

He informed that the National Judicial Policy initiated by the Chief Justice of Pakistan has given due attention to the improvement of legal education in Pakistan in its meetings held on April 16-18, 2010 and April 22-24, 2011. In addition to that the Honorable Supreme Court of Pakistan has taken a ***suo motu action*** about the status of legal education in Pakistan. The issue is pending before the Honorable Court.

The Convener said that due to the consistent demands of the Pakistan Bar Council for the introduction of an integrated 5-year law degree programme and the commitment of the NCRC in law, it was necessary to revise the existing scheme of study for the LLB degree programme and to bring it in line with international standards. He said the Committee could also benefit from the work already done under the National Law University project. He informed that the draft curriculum prepared under the NLU has been adopted by many universities with minor changes/modifications. University of the Punjab, LUMS, BZ University, Multan, Uo Sargodha, AWKU, Mardan, Hamdard University, Karachi and Bahria University, Islamabad are already running a 5-year LLB degree programme. He placed before the Committee the draft course curriculum prepared under the NLU project and explained its features including the 'learning objectives' and the 'learning outcomes' of the proposed programme.

The proposed final draft is fully in-line with the directives of the Supreme Court of Pakistan and the recommendations of the Pakistan Bar Council. The HEC standardized format/scheme of studies for integrated curricula for Bachelor's Degree has also been followed. However, the course contents and teaching methodology of law subjects are slightly different from other disciplines in that the LLB degree is an academic and also a professional degree. Efforts have been made to follow the guidelines and standards of HEC, as nearly as possible.

The details of the breakup of the proposed LLB degree programme is as following:

- Eligibility/ Pre-requisite for admission: **FA/FSc or Equivalent**
- Total number of credit hours: **166**
- Duration: **5 years**
- Semester duration: **16-18 weeks**
- Course load per semester: **15-18 credit hours**
- Number of courses per semester: **5-6 Courses**
- 10 compulsory courses of 28 credits
- 08 general and non-law courses of 24 credits
- 34 law specific and major courses of 102 credits
- 4 elective courses within the major courses
- The scheme of studies is in accordance with the HEC standards.

The Committee developed the final draft curriculum for the proposed 5-year law degree programme along with the **Learning Objectives** and **Learning Outcome**.

- Brief introductory notes have been prepared for the new courses to be included in the proposed 5-year degree program. The course contents of the law courses already part of the existing curriculum of 3-year degree will mostly remain the same.
- The recommended textbooks and other reading material has been fully revised and updated. The course contents for all compulsory, supportive/ non-law courses along with their breakup and reading lists of textbooks with complete details of the reading material have been prepared. Details for the elective courses may be developed by the universities for the consideration of the NCRC.
- The Committee also discussed the **recommendations of the National Judicial Policy Making Committee (NJPMC)** on 'Legal Education' as approved in its meeting held on April 16-18, 2010 and April 22-24, 2011.
- The Committee resolved that all universities/ institutions imparting legal education must follow the mandatory or core courses prescribed by the PBC necessary for law students whose degree is recognized by the PBC for the purposes of enrolment as an advocate.

- It was also decided that the universities may include non-law courses according to their focus, need and available facilities. The universities may also include other law courses besides the courses provided in the list of elective courses. However, they must fulfill the mandatory requirements of credit hours/ course duration as per prescribed standards of the HEC.

Learning Objectives:

The NCRC in Law focused on the **Learning Objectives** of the proposed LLB degree programme. It held in-depth discussions on the questions of the **structure** and **content** of the proposed LLB (5-year) degree programme and its learning outcome. The participants agreed that the structure and course contents of the LLB degree should be such as to:

- i. Inculcate in students a broad understanding of the social, political and economic contexts within which the Pakistani and global legal system operates;
- ii. Equip students with knowledge and understanding of the fundamental doctrines and principles of Law; and
- iii. Develop the intellectual and practical skills necessary for employment in the legal profession and other careers.

Learning Outcome:

The participants suggested that the course contents and the teaching methodology should place emphasis upon the acquisition and development of a wide range of intellectual and practical skills of students so that they can analyze, evaluate, synthesize and apply conceptual information to practical legal problems. It was agreed that attention is needed to develop the intellectual and practical skills and in particular law students should be able to develop and demonstrate independent thinking, plan and carry out independent research and apply basic legal research skills and research techniques. In addition to that the course contents and the teaching methodology should be such as to; develop the written and oral skills of the students, build their capacity to problem-solving; and expand their knowledge of information technology.

The final draft of the curriculum and the course contents spreading over 5-year were considered by the participants. The issues of '**exit programme**' and '**changing between the degrees**' also came under consideration. There was a consensus to plan for an integrated degree of law at the moment and to develop modalities for other issues including as to how to accommodate individuals who wish to change their fields of studies after enrolment in LLB 5-year degree. It was recommended that such students may approach the respective universities/institutions for transfer of credits/exemptions for other degree programmes.

RECOMMENDATIONS

1. The Committee unanimously approved the proposal to start a 5-year law degree program in all the constituent Law Colleges and Institutions of the universities imparting legal education in Pakistan.
2. Fresh admissions for 5-year law degree program by all universities/ institutions imparting legal education shall be in accordance with the new scheme of studies.
3. In view of the recommendations of the National Judicial Conference (April 22-24, 2011), it was agreed that LLB 3-year program will continue along with the new 5-year program.
4. The Committee strongly recommended that in view of the solid practical skills incorporated in the new 5-year program, law graduates having an integrated degree may be exempted from pupillage/ apprenticeship under the Pakistan Bar Council's Enrolment Rules to encourage such graduates.
5. Efforts should be made to start Semester System in all public sector universities/ institutions.
6. The Committee endorsed the concerns of the NJPMC regarding the overlap of the regulatory structure of the HEC and the Pakistan Bar Council 'with there being confusion at times of their respective areas of competence'. The Committee recommended that both the HEC and the PBC should work jointly and where necessary, independently, in their respective fields.
7. The Committee appreciated the judgment of the Hon'able Supreme Court of Pakistan in *Pakistan Bar Council's case* and agreed with the recommendation of the NJPMC calling for 'minimum entry requirements for law school admissions and some minimum campus requirements for private law schools. Private and public law schools that do not fulfill the requirements set out in the Pakistan Legal Education Rules 1978 should be stripped of their affiliation or degree recognition status until they fulfill the requirements set out by Pakistan Legal Education Rules 1978 to ensure that quality of institutions is improved'.
8. To improve the teaching methodology in law colleges/ institutions the Committee endorsed the recommendation of the NJPMC that there should be a 'greater emphasis on clinical legal education, including but not limited to the use of case method, mock trial, and other similar methods, to ensure that a fresh law-graduate is equipped with the right tools to enter the legal profession'.

9. The Committee also took serious view of the distance learning law programs currently being offered in Pakistan and considered these discriminatory. It urged the PBC and the Government of Pakistan to review the amendment made to sub clause (iii) of section 26(c) vide Act XII of 2005.¹
10. To promote the culture of legal research, the public and private sector universities/institutions should start law journals and to ensure that they gain the HEC 'Y' category as soon as possible.
11. The Committee also endorsed the recommendation of the NJPMC that 'full time staff must go through periodic review and engage in research activities. There should also be monitoring by HEC of the output of fulltime law faculty. Full time law teachers should also be adequately compensated and provided with a non-practicing allowance to compensate them for forsaking law practice. Alternatively, the rules may be suitably amended to allow full-time faculty members to retain their licenses and practice on designated days in a week'.
12. The Committee strongly recommended that the universities and other institutions imparting legal education, both public and private, should encourage and support their faculty-members to attend short and specialized courses offered for faculty development and capacity building.
13. The Committee underscored the need for a 'Legal Academics Forum' to share current legal and academic issues for the improvement and advancement of legal education in Pakistan.

¹ According to this amendment a student enrolled for an external degree program completes his/her LLB degree after 15-16 years of education having no exposure to Pakistani law or legal system)
